
Salon duc Tape – Braver Angels on Political Polarization – February 23rd

Who benefits from political polarization, and what can be done to turn down the temperature?

Our featured speaker on Friday, February 23rd is [Braver Angels](#) Ambassador Dr. Will Robinson. Like some of us, he has struggled deeply with the growing political divide during and since the 2016 elections. Over the past four years, Will has been committed to bringing Americans of diverse political viewpoints together through his involvement in Braver Angels. He will talk about the make-up of the U.S. electorate, the slippery slope of polarization and how to mend fences with your neighbor, co-worker or family member.

Will has an education in chemical engineering, biochemistry and material sciences. He is now retired and lives in the Denver metro area.
